

Talius receives material purchase order from Bolton Clarke

14 October 2024

HIGHLIGHTS

- **Purchase order received for 2,500 PERs units**
- **Revenue expected to be in excess of \$0.85 million**
- **Order completion anticipated by end of 2024**

Talius Group Limited (Talius or the Company) (ASX: TAL) is pleased to announce it has secured an additional purchase order from Bolton Clarke for 2,500 PERs units.

Bolton Clarke, Australia's largest independent not-for-profit aged care provider and a long-standing partner of Talius, will utilise the PERs solutions to upgrade its retirement villages across Australia.

The revenue from this order is expected to exceed \$0.85 million, with delivery anticipated by the end of 2024.

All services under the purchase order will be delivered via Talius' Smart Care Platform as a subscription service.

Commenting on the order, Mr. Graham Russell, Managing Director of Talius said: *"We are delighted to further strengthen our relationship with Bolton Clarke, a valued long-term partner. This order underscores the importance of our solutions in supporting their operations. We look forward to successfully delivering this project and exploring further opportunities, particularly in light of the new Aged Care Bill, which is driving significant industry change."*

This announcement has been authorised by the Board of Directors of Talius Group Limited.

About Talius Group Limited (ASX: TAL)

Talius provides a suite of technology enabled care solutions to the aged and disability sectors across multiple verticals, including retirement living, residential aged care, home, and community settings to improve the quality of life, later in life.

Talius' Software as a Service (SaaS) data analytics platform Talius Smart Care combines smart sensors with AI machine learning that delivers automated actions. Talius links awareness, analysis, and action through one platform allowing the care model to move from spot check care to sense-respond care. Nursing staff can switch their focus from data collection to building a human connection. Most importantly, residents benefit from a new era of autonomy and dignity.

Talius helps protect and connect our elderly and people with disabilities with a scalable healthcare technology platform integrated with leading third-party providers to ensure end-to-end solutions for Connected Health.

FORWARD LOOKING STATEMENTS

Certain statements contained in this ASX release, including information as to the future financial or operating performance of the Company and its projects, are forward looking statements. Such forward looking statements:

- (a) are necessarily based upon several estimates and assumptions that, while considered reasonable by the Company, are inherently subject to significant technical, business, economic, competitive, political, and social uncertainties and contingencies;*
- (b) involve known and unknown risks and uncertainties that could cause actual events or results to differ materially from estimated or anticipated events or results reflected in such forward looking statements; and*
- (c) may include, among other things, statements regarding estimates and assumptions in respect of prices, costs, results, and capital expenditure, and are or may be based on assumptions and estimates related to future technical, economic, market, political, social, and other conditions. The Company disclaims any intent or obligation to publicly update any forward-looking statements, whether because of new information, future events, or results or otherwise.*

The words "believe", "expect", "contracted", "anticipate", "indicate", "contemplate", "target", "plan", "intends", "continue", "budget", "estimate", "may", "will", "schedule", "planned" and similar expressions identify forward looking statements. All forward looking statements contained in this ASX release are qualified by the foregoing cautionary statements. Recipients are cautioned that forward looking statements are not guarantees of future performance and accordingly recipients are cautioned not to put undue reliance on forward looking statements due to the inherent uncertainty therein.
