Uniper is helping older adults lead a healthy, vibrant, and social life — on their own terms. Discover what makes us the best at helping older adults connect to life!

Whether you join via UniTV, our mobile or tablet apps, or any modern web browser, Uniper is ready to meet you wherever you are, and wherever life's adventures takes you!

UniTV

The UniTV set-top box is available in two distinctive models, designed to ensure you get the best fit for your home. Both boxes include full support for all of Uniper's core functionality.

If you have a cable box or receiver, the UniTV HD can be seamlessly integrated into your home, allowing you to move effortlessly between Uniper and Live TV, even receiving Uniper notifications and alerts without interrupting your show!

If your TV setup is using a direct CO-AX connection, then the UniTV Direct is specially designed to ensure you get the best connection possible with no interruptions to your TV service and the ability to easily toggle between Uniper and Live TV.

UniTV HD

UniTV HD is designed to provide hassle-free integration into home configurations with a cable box or receiver. The sophisticated HDMI-passthrough design enables seamless integration between Uniper and Live TV.

UniTV Direct

UniTV Direct is tailor-made for those using a direct CO-AX connection to their TV.

In addition to the TV, you can connect to Uniper through a computer, tablet, or mobile device. No matter how you choose to connect, our devices, apps, and web services are easy to set up, easy to access, and easy to use, making staying engaged and communicating simple, so you can connect to life.

Discover all of the amazing features of Uniper's member experience through the Uniper application.
